

Year 1 Plants- What do I know about plants?

Glossary

Red Hill Riches

I know:

Evergreen trees maintain their leaves throughout the year and deciduous trees shed their leaves in autumn.

Common flowering plants, including trees have key features including roots, trunk/stem, flowers and leaves

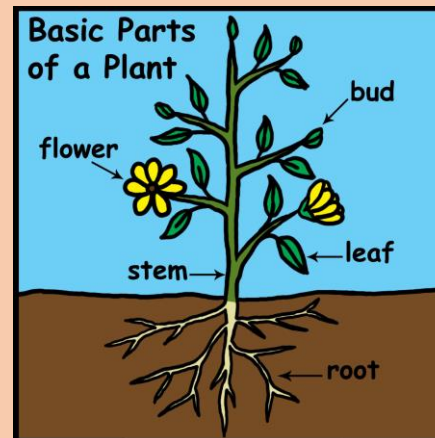

Changes can be seen across the four seasons.

Deciduous Trees

Evergreen Trees

Last Year's Linked Learning

I know:

There are 4 seasons

Plants and trees change through the seasons

Plants take time to grow
