

# Year 3 History- How did Romans influence life in UK today?

## Glossary

## Red Hill Riches

I know:

The Romans invaded Britain and started ruling it in 43 AD

The Romans invaded land all over the world creating the Roman Empire. Roman armies were very strong and well trained and they would often fight and defeat armies much bigger than them.

Romans invented designs we still use today e.g. water sanitation systems, straight roads and central heating.
