

Geography Overview

	Autumn		Spring		Summer	
EYFS	Marvellous Me! Our local environment and making observations about the world around us.	Let's Celebrate Seasonal changes and countries significant to them.	What a wonderful World Weather changes and how to look after our world.	At the bottom of my garden Planting and natural habitats in the local area.	Once upon a time Seasonal observations	A walk on the wild side Comparing countries around the world. Environments for wild animals.
Year 1	Our Local Area What makes my local area so special?		UK and Weather What is wonderful about the United Kingdom?		Australia How does life differ on the other side of the world?	
Year 2	Oceans How can we save our oceans?		Antarctica vs Desert Are all deserts hot?		Local Geography Can I map my local area?	
Year 3	Worcester Locality How does my food travel from farm to fork?		North America How do people adapt to life in an earthquake zone?		Volcanoes Why do volcanoes occur?	
Year 4	World Biomes How do rainforests and deserts differ?		South America Are we responsible for the rainforest's future?		Rivers How does a river change from source to mouth?	
Year 5	Mountains Why are mountains magnificent?		Tourism How does tourism impact destinations?		A Place to call home How do refugees add to a community?	
Year 6	Climate Crisis How can we prevent a climate crisis for our future?		Flooding-Rivers How does flooding impact our local area and that of others around the world?		I am a geographer How can we make our local area more sustainable?	

Excellence and Enjoyment, Everyone and Everything. "God created you to be amazing" Ephesians 2:10

Geographical Concepts

Weather and Climate	Land formation and features	Climate Action	Human Impact	Settlements and Land use	Rivers	Population and Migration
